Donate or Receive a Musical Instrument

Acoustic for a Change also collects gently used instruments for distribution to local underprivileged kids and/or after school programs. Often, the organizers of various Charity/Fundraising events who use Acoustic for a Change will ask their attendees to bring new or gently used instruments for donation to our cause. They find that aiding another organization adds even greater social value to the event.

Acoustic for a Change has dedicated drivers who will meet you at a agreed upon location. There are also music stores used as drop off points for Acoustic for a Change. Contact us today and let's get that instrument making music again!

Acoustic for a Change serves South/Central Florida and Southern California.

Types of instruments:

guitars, base guitars, drums, flutes, violins, trumpets, saxophones, key boards, amps, piano, etc..
